CAN'T GO IT.—The *Daily Wisconsin* a leading Fremont paper, last fall, now refuses to hoist the Republican State ticket. It is only an indication of what is taking place throughout the State.—*Madison Argus.*

WON'T SUPPORT HIM.—The Milwaukee *Wisconsin* refuses to support A. W. Randall for Governor. The *Wisconsin* is one of the oldest papers in the State, and an able and influential organ of the Republican party.—*Oshkosh Courier.*

"Drowning men catch at straws," and from the same instinct, the Madison *Argus* and Oshkosh *Courier* clutch at the fact that the *Wisconsin*, not a Republican, but openly and professedly an "Independent" paper, declines to run up *any* ticket for the fall campaign. They are welcome to all the crumbs of comfort they can glean from that quarter. But how about the "refusal" of the Madison *Patriot*, Waukesha *Democrat*, Milwaukee *American* and the *Grad Aus* (the German organ in Milwaukee) all "Democratic" papers—to support CROSS? What sort of an "indication" is *that?*

THE INDIANS AT ST. PAUL.—It appears that the cavalry troops of St. Paul are being blamed considerably for their hasty attack upon the Indians recently, as it is alleged that the latter were not hostile, and only fired in desperation, thinking that they were to be cut down by the horsemen. A writ of *habeas corpus* has been sued out to take the four captured Indians out of custody, but the writ is resisted by the Company.

DEATH OF HON. GEO. G. DUNN, OF INDIANA.—Hon. George G. Dunn, a prominent member of Congress, and a leading participant in the Congressional debate on Kansas affairs during the last session, died at his residence in Lawrence county, Indiana, on Sunday last, after a lingering illness.

THE FOUNDATION OF LONGWORTH'S FORTUNE.—Some half a century ago, Nicholas Longworth, practising law at Cincinnati, received as a fee for defending a horse-thief, two second-hand copper-stills. These he traded off for a lot of thirty-three acres on Western Row, then so-called.—This transaction formed the basis of an immense fortune, the naked ground now being worth over two millions of dollars.

VALUABLE CARGO.—At Alexandria, Va., last week, the large Boston ship, Zephyr, which has just discharged a large cargo of guano, attracted considerable attention, being the largest vessel that has ascended the Potomac for a year past. Her cargo of guano—about twenty-two hundred tons—sold readily for the sum of $120,000. It appears that the farmers of Virginia immediately adjoining Alexandria, bargained for the entire quantity.

CHINESE SUGAR CANE.—It is estimated that over 100,000 acres of land in the United States have been planted with the Sorghum, or Chinese Sugar Cane. This is a wonderful result when it is considered that only two years have elapsed since it was first introduced into the United States.

SHIPMENTS OF COPPER FROM ONTONAGON.—The Lake Superior *Miner* states that the shipments of copper from that port this season to Aug. 27th, are over 3,379,773 pounds.

"OMINOUS."—The following paragraph from the Madison *Patriot*, a Democratic organ, is respectfully commended to the notice of our omen-seeking friend of the *News:*

If, after a careful investigation, we find it better for the interest of the State—and that is what we are to consider in this campaign—to secure the election of a Republican Executive, *who is honest, and has the will to make things go right*, rather than one who may be under the control of the Barstow junto, we shall consider it our duty to throw party *professions* sky high, and strive for State interests.

JUDGE RANDALL IN WAUKESHA.—The Waukesha *Democrat*, published at Judge RANDALL'S old home, thus speaks of the Republican candidate for Governor:

At the head of the Republican State Ticket stands the name of the Hon. A. W. Randall. He is an old resident of this place, and a man well liked, and of much influence in this county. He is the strongest man on the ticket, and, indeed, more likely of success than another man that the Republicans could nominate. He is very favorably known, and has many strong personal and political friends throughout the State.

"OLD LINE WHIGS.—There were 23 old line Whigs in the recent Wisconsin Democratic State Convention.—*Madison Argus.*

There were *twice* as many old line Democrats in the recent Republican State Convention.

REPUBLICAN PAPER AT SUPERIOR.—The "*Superior Republican*" is the name of a new and good looking weekly just started at Superior by Mr. A. P. TYLER. He says in his salutatory:

We have no promises to make, other than to do good battle for our cause, because it is just, and to develop the resources of the North-west, for her destiny is ours; nor favors to ask, save position on the wave of public opinion as we alone may merit. We are here to live, our interests are here, and we shall do all we can, inside of honesty and justice, to promote the welfare of the public and our private prosperity.

The *Republican* says it gets N. Y. papers in four days.

It notices the consecration, by Bishop KEMPER of a new Episcopal Church at Superior.

DEATH OF DAVID M. BRADLEY.—We are deeply pained to announce that David M. Bradley, of the Chicago *Democrat*, died at his residence on Quincy street, near State, yesterday afternoon, at 4 o'clock. Mr. Bradley was about forty years of age, and had been connected with the *Democrat* office for the last twenty years. He was manager-in-chief in the absence of Mr. Wentworth, and executed this important trust to the entire satisfaction both of the proprietor and the patrons of the establishment. His sagacity, intelligence and gentlemanly bearing, have contributed largely to its influence and prosperity. —*Chicago Dem. Press.*

A DEMOCRAT ON DEFINITIONS.—"A DEMOCRAT," in the Northwestern part of our State has been going back to first principles, and studying the dictionary, to find what his party *ought* to be.—He writes to the River Falls *Journal* the result of his examination and reflections, as follows:

"Corrupted Democrats."

Messrs. Editors:—Passing a group of men, not long since, who were engaged in a political discussion, I overheard the expression, "*crooked Democrats.*" Naturally enough the inquiry arose, "what are they?" I had heard of "*hunkers*" and "*barnburners*"—"*hards*" and "*softs*" &c., but "*crooked* democrats" was something new.

Supposing Noah Webster to be good authority, I forthwith consulted him, and the following is the result.

Democrat: One who adheres to government by the people, or *favors the extension of the right of suffrage to all classes of men.*

Now if this definition be correct, no man can be a Democrat who denies the right of suffrage to any one class of men; or, if one, in any sense, must be a very "*crooked*" one. I think, therefore, that "crooked democrats" must be those who deny the right of suffrage to the black man—those who assume a democratic name and reject democratic principles.

If this be true, where shall we find *true* democrats? Can they be found in the present democratic party? Some, I hope, are to be found there, but I am afraid they are few. Surely a grosser libel on democracy was never fabricated than are the political principles of the present democratic party, so far as they relate to negro suffrage, citizenship and manhood. I was born, cradled and trained up a democrat, as my father and (for aught I know) grandfather was before, but may the Lord forever deliver me from such abominable doctrines as that party is now busy promulgating.

DEMOCRAT.

BUSINESS FACILITIES OF SHEBOYGAN.—The Sheboygan *Times* says it is generally concluded that the yield of wheat in that country is full one-half more than ever before, and much of it very superior quality." It also calls attention to the general superiority of the Sheboygan wheat. Hence it suggests to the buyers that they turn their attention to that place, as having good shipping facilities. On this point we quote what the *Times* says:

Vessels drawing ten feet of water can readily pass in and out of the harbor, and a safer place for shelter during storms cannot be found on Lake Michigan. And after the close of navigation, the most abundant facilities for storing grain for spring shipment can be had here. Kirkland's new warehouse was built expressly for that use, and is supplied with all the most approved appliances for that purpose, and its conveniences for shipping are ample. It is capable of storing about 200,000 bushels. Other warehouses along the river and at the piers are capable of storing 150,000 bushels more, so that the warehouses of the city will furnish an aggregate storage capacity of 350,000 bushels. And in addition to this, we learn that Mr. C. Raab is about to build another warehouse on the river, capable of storing 25,000 bushels. The want of storing facilities, then, need deter no one from making this a point for buying grain. And we are pretty certain, furthermore, that grain can be stored just as cheaply here, too, as at any other point on the lake.

THE OSWEGO DEFALCATION.—The Oswego *Times*, says:

The testimony adduced in this case, which has been under investigation before Judge Pratt for several months, discloses a rotten condition of affairs. Already the deficit reaches $130,000, but Marshal Mott is confident that the aggregate will exceed $200,000. Mr. Richardson was appointed Collector by Mr. Fillmore. In the month of July, 1854, he was indicted in the U. S. District Court for the Northern District of New York, for being a defaulter to the Government to a large amount. He was arrested and held to bail, Jesse Bennett and Morris Bennett becoming his sureties in the sum of $40,000.—Immediately on being released, he fled to Kingston, Canada West, where he shortly afterward died. The United States immediately commenced the prosecution of his bondsmen, who are understood to be abundantly able to meet the deficiency for which they become liable.

HOG CHOLERA IN INDIANA.—The Cincinnati *Gazette*, says:

One of our merchants, who travelled through several counties in Indiana last week, reports the hog cholera as prevailing to an alarming extent. The trade in stock hogs had been checked in consequence, feeders not being disposed to run the risk, which is now very great. In some sections, the opinion prevailed that the use of pork would be suspended in a great measure, owing to the fears created by the spread of the disease.

Responses to the Republican Nominations.

From the Portage City Record.

Probably no convention ever before assembled in this State which combined so much talent, or whose proceedings were characterized with so much harmony and enthusiasm. The ticket nominated is the most unexceptionable one ever presented to the people of this State, and if the same spirit continues to actuate the party throughout the campaign which was evinced in the convention, the nominations will be ratified in November next by the people, by such a majority as was before never known in this State—we put it down now at 15,000 with a handsome margin left to bet on.

From the Dodge Co. Citizen.

We run up to our mast head to-day the ticket, comprising the men whom the Republicans of Wisconsin have selected to fill the various state offices for the next two years.

It has rarely been our fortune to present a ticket, taken all in all, that suits us better than this one does. We might have desired the nomination of one or two other men for the offices—but the voice of the people said otherwise, and we are not only content, but proud that the honor has fallen upon good and true men.

From the Oshkosh Democrat.

We have now our ticket. As we asked so have we received good men and true for our leaders—all worthy of our entire and hearty support. Now the duty is ours to elect them, and not only that, but give them such a majority as shall redound to the ever-lasting credit of Wisconsin.—Republicanism expects every man to do his duty.

FROM RACINE CO.—A correspondent of the Madison *Journal* says:

"The nominations are received here with real enthusiasm. I have heard Democrats since my return from Madison, say that they would vote for Randall. The State is ours. What a clearing out of the rats that have infested the Capitol there will be next winter. Put down Racine co. for 700 majority for Randall. Last fall Fremont had 600."

Another Murder in Kansas.

Two of the Murderers arrested—Lynch Law Invoked.

The Steamer *Omaha* arrived at this port yesterday, from Leavenworth City. We learn from her officers, that, just as she landed at that port, on the morning of the 3d, two men had been arrested, and were to be hung in the course of an hour or two by the citizens. They were charged with having brutally murdered a man by the name of Walls, from Ohio. He was stopping at the time at the Planter's Hotel. It is supposed that he was decoyed to the Levee, there murdered and robbed, and the body dragged to the river and thrown in. When Gordon was arrested he denied all knowledge of the murder, though it was observed that his shirt and clothes were stained with blood. The populace were greatly excited. A rope was placed around the neck of the supposed felon, and he was elevated a short distance from the ground. This seems to have brought him to a proper sense of his situation, and he asked to be cut down, and proceeded to make a confession. He admitted his criminality, and implicated a fellow by the name of Gillespie, well known in St. Louis, and a man named O'Brien, as parties in the murder. He acknowledged that he stabbed his victim once, that Gillespie stabbed him four times, and O'Brien twice, before they succeeded in killing him.

Soon after this confession, Gillespie was arrested, and the execution of the murderers was only delayed in the hope of catching O'Brien.—As the *Omaha* left, preparations were being made for the execution of Gordon and Gillespie, whether they were successful in running down O'Brien or not. We expect to hear that they have been hanged.—*St. Louis Republican.*

FINANCIAL MATTERS.—There were a few Eastern failures yesterday; but the number is by no means so great as many have anticipated. Among these, we regret to learn, are Messrs. Fitchugh and Littlejohn, of Oswego. Many well-informed persons begin to express confidence that the worst is over.—*Chicago Free Press.*

MRS. GENERAL GAINES.—We learn from the Philadelphia *Evening Journal* that Mrs. General Gaines, who for many years past has withstood the combined efforts of lawyers and enemies to ruin her, visited Philadelphia on Friday last, and instituted inquiries to obtain some facts relative to the time of the death of her grandmother Clark, who long lived in Germantown, and whose remains now lie in the lower cemetery of that place. She says she has been in Court twenty-three years—has completely gained her cause, and all she has to do to obtain possession of her father's property is simply to institute suits of ejectment, which will be done unless a satisfactory compromise is effected. Mrs. Gaines looks well, is still young, and as energetic as ever.

GOV. SEWARD'S CRUISE.—GOV. Seward took an excellent way to spend some of the hot days.—The party left Quebec on the first day of August, in a vessel chartered by Gov. Seward for the trip. They were on board twenty-nine days—The vessel was of 35 tuns burden, and possessed all the conveniences for such an excursion. The party went as far as the Mingen Islands, on the coast of Labrador, and the Island of Anticosti, regions lying some 400 miles beyond the borders of civilization. The excursion, we are happy to learn, was a most agreeable one. The party return in excellent health.—*Roch. Dem.*

CITY MATTERS.

POLICE COURT, Sept. 9.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Lyman Lemor, disorderly, finded $10 and costs.

John Harvey, fastening his horse in a prohibited place, fined $5.

Walter Fauel, intoxicated and disorderly, fined $2.

Bridget Ryan, drunk, fined $1.

Michael Dwyer, disorderly, fined $15.

A BRUTAL HUSBAND.—A man (!) named Christopher Backhaus, was brought up on a charge, made by his wife, for committing a brutal assault and battery upon her. Her story was a hard one; she said he had beaten her without the slightest provocation, and turned her out upon the street, telling her that he "would kill her as soon as he would a dog." He beat her upon the head and breast with a heavy boot, and kicked, and treated her otherwise in the most shameful manner. When asked if he were in the habit of beating and misusing her, she replied that he always did so when he was drunk, and in answer to the question of how often he got drunk, she replied, "nearly every day." Justice Walworth sent the rascal to the county jail for 50 days. Such barbarity cannot be too severely punished.

Howard Tuttle, was fined $5 for committing an assault and battery upon a boy in his employment named Henry Koppert.

Charles Miller, for committing an assault and battery upon Conrad Cross, fined $10 and costs.

HANDSOMELY FURNISHED.—The new Common Council Hall is now completely, and elegantly furnished, and we will venture to say is as handsome a council room, as can be found any where in the west. The Mayor's bench, of which we have previously spoken, is the most attractive piece of furniture in the room. It is made of black walnut, elegantly carved, and polished, and finished in the best style. It is from the manufactory of J. F. BISCHARD, as is also the other furniture in the room, all of which would do credit to the best eastern manufactory. In front of this is a long table for the City Clerk, and his assistant, which is also of black walnut; and is finished in a manner that dazzles one's eyes to look at it it. At each side of this are two medium sized round tables, also beautifully furnished, for the reporters on one side, and the City Attorney, and Comptroller on the other. They are covered in the centre with red oil-cloth, under which is a soft substance, that makes them decidedly agreeable for writing upon. The tables are supplied with chairs no less convenient and elegant. On each side of the Mayor's bench, are lounges, which are on a par with the other articles of furniture, and these make up the equipment of the north end of the hall, or the Mayor's, City Officers, and Reporters' quarters. In the body of the Hall are twenty-seven neat and convenient desks, for the Aldermen, got up and arranged after the style of those in the Senate Chamber at the Capitol of our State. The desks are of black walnut, and also from Bischard's manufactory.—The name of the Alderman who occupies each desk is labelled upon it. On the whole the furniture is of the best quality, and most elegant style, and reflects much credit upon the Committee who were appointed to procure it, and Mr. ROBERT LYNCH, the City Clerk, has displayed much taste in its arrangement.

Heavy Robbery at Madison—The Thief or Thieves Escaped with $14,000.

We learn by the Express Messenger from Madison, that the office of the American Express Company was robbed of $14,000 in gold and silver, last night.

As the office and safe was locked this morning, the thief or thieves must have stolen the keys from the house of Mr. H. A. Douglas, the Agent.

It is certainly a bold and adroit robbery, and of such a nature that a detection is very doubtful.

It was an act of the most consummate daring, or fearlessness. The party, whether one or more, went into the sleeping-room of the agent, took the keys out of his pocket, went and accomplished the robbery, and then threw away the keys, as coolly as if there was no danger about it. Considerable of the money was gold, sent to Madison by one of the banks in this city. Of course it will be no loss to the bank.—*Wisconsin, of last evening.*

Upon the intelligence reaching this city, our police were immediately put upon the look out, but up to the hour of our going to press, nothing had been ascertained in regard to the matter.—Although no description of the thieves has been given, as no suspicion, has yet been fixed upon anybody, yet if they come this way, they will hardly escape the hawk-eyes of our detectives.

THE PIC-NIC EXCURSION TO WAUKESHA.—The excursion to Waukesha and pic-nic of the teachers and scholars of the O. S. Presbyterian Church Sabbath School, which took place on Tuesday, was a very pleasant affair, and all returned in the highest spirits with bright and merry faces, beaming with expressions of the pleasure which they had enjoyed. We learn that there were about two hundred persons present altogether, and that they had their pic-nic on the beautiful grounds adjoining Carroll College. The weather was beautiful, the company gay, the refreshments good, and all went on "as merry as marriage bell."

All speak gratefully of the kindness of Mr. MERRILL, Assistant Superintendent of the M. & M. R. R., who took them out in the cars.

THE STABBING CASE.—John Werth who was arrested last week for stabbing a man named John Kuntz, on Market street, was examined yesterday by the District Attorney before Justice Walworth, and discharged, as he was of the opinion that the evidence was not sufficient to make out a case of assault with intent to kill. It appeared that both parties had been quarreling, that Kuntz threatened to strike Werth and did take hold of him tearing the collar of his coat nearly off, and that Worth had an open knife in his hand at the time, and in the scuffle accidentally stabbed the other.

PATENTS IN THE OLD MILWAUKEE LAND DISTRICT.—M. W. L. CLEAVES, who comes to this city highly recommended from gentlemen in charge of the Departments at Washington, with one of which he has been connected, advertises to furnish patents for lands in the old Milwaukee Land District, to those who have not obtained them, on sending him their duplicates or certificates of location.

INSURANCE.—It is with pleasure that we call the attention of business men, and others to the advertisements of Mr. THO. H. SCHUYLER, Insurance agent. Mr. Schuyler is successor to A. BADE & Co., who have been long and favorably known as insurance agents. Mr. S. is one of the firm, and Mr. Bade has now withdrawn, in order to give his attention to other business, leaving the insurance business entirely to Mr. Schuyler, who will, no doubt, carry it on to the satisfaction of all who may have dealing with him. He represents many of the soundest companies in the country. His office is in Prentiss' Block over the Post Office.

FATAL ACCIDENT.—On Tuesday afternoon, a man named Thomas Key, was killed in the quarry of Mr Moody, on the line of the M. & M. R. R., about a mile from the city, by a large piece of rock, which had been thrown into the air from a blast, falling upon his head. He was an Englishman, about 40 years of age, and unmarried.

☞ Messrs. Swafield & Russell on Market Square have something to offer in the way of Clothing. Mr. J. has just returned from New York with a large assortment of goods, which for quality and style probably are unsurpassed in this city. They have also secured the services of Mr. Calee, who is said to be "some" on "fits." See their advertisement in another column.

NEW LAW FIRM.—We invite attention to the card of Messrs. A. J. Clarke & Co. Attorneys, at law, which will be found in our advertising columns.

The office of Messrs. Clarke & Co. is at No. 11 Kneeland's Block.

☞ The greatest preservative of beauty known to modern science, is Professor Wood's Hair Restorative and Cosmetic. Among the most important features of female beauty, are a luxuriant head of hair and a fine complexion; both of which should be guarded as sacred treasures, for either may be lost by neglect, or preserved by the use of the named article; delay is dangerous. We seldom undertake, editorially, to endorse what are called "Hair Restoratives," as knowing full well that the great majority of such preparations are entirely worthless. Exceptions there are, nevertheless, and among these we have never hesitated to express our conviction that the article known as "Wood's Hair Restorative" is entitled to a proud preeminence. This article has told its own story in numberless instances of premature gray hairs bold heads, and the consequent increased beauty and youthfulness have been alike numerous, unsolicited and emphatic. When Senators of the United States and others (of the highest standing socially and politically) specify distinctly that "Wood's Hair Restorative is all, and more than all it pretends to be, we cannot do otherwise than believe them. The article can be had as all our druggists. See notice elsewhere.—*Rough way American.*

In the massacre at Cawnpoor, 240 women and children perished.

The deaths of Generals Barnard and Lawrence, are confirmed. Sir Hugh Wheeler, Sir Joe Parker, Col. Williams and Brigadier Yack were also killed.

An obstinate battle was fought before Agra, on the 8th of July, and the British forces were obliged to retire with heavy loss.

Two native regiments mutinied at Seal Coat, Punjaub, on the 8th of July, and massacred a number of Europeans. These mutineers were totally defeated on the 16th at Meerut.

General Hewitt had been removed for supineness.

Punjaub was tranquil, but there were some disturbances at Hydradad, but they were suppressed. The Bombay and Madras presidencies continued tranquil, and their armies loyal. Gen. Reid was in command before Delhi. Only 2000 troops could be mustered for an effectual attack on Delhi. Trade at Calcutta was paralyzed. It had suffered extremely from a scarcity of provisions, but they were beginning to arrive. Even at Bombay discontent had shown itself, but had been suppressed. The English were organizing regiments of Sikhs. Moveable columns were to scout central India.

WASHINGTON Sept. 9—9 P. M.

The Attorney General has had under consideration, the case of Charles Crowell, ordinary seaman, who for striking and treating with contempt his superior officer, was sentenced by a court martial lately convened in New York, to three years imprisonment in the penitentiary of the District of Columbia, to be deprived of his pay and to be marked with the letter D on his right hips. The specific question embraced in the reference to the Secretary of the Navy was as to the legality of the sentence. The Attorney General holds that there is nothing illegal in it and it is therefore to be carried out in every particular. Although the punishment is severe, it is considered that Crowell's offence was of such a character that it could not be lightly passed over without serious injury to one of the most vital elements of naval discipline.

Having had a limited acquaintance in the city Dr. Garron deems it due to himself to state that an extensive practice of more than thirty years, both at the East and West, has afforded him ample opportunities of becoming familiar with the diseases incident to the different climates and localities of the country, and of acquiring a knowledge of the most successful modes of treating them.

N. B.—Particular attention given to diseases of the Chest and Throat and of the Eye and Ear. Upon these diseases he has bestowed special attention for many years, and doubts not his ability to treat them satisfactorily to all who may entrust their case to his management.

Milwaukee Market.

OFFICE OF THE DAILY SENTINEL, MILWAUKEE, Sept. 10, 1857.

Received by Mil. & M. R. R.—100 bbls flour, 7,688 bus wheat, 700 do barley, 85 bus corn, 40 bus potatoes, 793 lbs hides, 47 boxes shot, 88 doz brooms, 7 cars stone,

No material change in the market yesterday. The receipts of wheat are but small as yet and prices keep up full 1c above the rates paid in Chicago. A fall in prices would follow, doubtless, the receipts of enough to stock the market for a day or two. We quote as yesterday's rates 80a89 for good to prime spring, winter ranging from 85a1,00.

Rye—very little doing; nominally 65.

Barley—ranging from 75a90.

Oats—28a37 with fair local demand.

Corn—75.

Potatoes—35a37½: market well supplied.

Butter 18a22.

Eggs—dull at 16a16

Hides—8a9 for green, 14a15 for dry.

Chicago Market.

Chicago, Sept. 9.

The grain market experienced another tumble this morning. A general state of inactivity prevailed, and there was no tendency to operate from a lack of money to operate with. The continued report of failures at Oswego, Buffalo and New York, is having its influence here, and the heaviest dealers find it impossible to obtain money. Receipts as reported at the Board of Trade, show a falling off. They amount to 1,292 barrels of flour, 62,000 bus wheat, 36,400 bushels of corn, 5,482 bushels of oats. One important road is omitted. The reports received by us from the various offices, however, as not corresponded with this, but show a much larger amount. Shipments amount to only a single cargo of wheat, and one of corn.

FLOUR—Very dull and still lower; spring extras range from $4,50a5,00.

WHEAT—Falling and shows a decline of 3c on yesterday's rates: one or two small lots sold at 70c.

CORN—Dull, and but one or two transactions took place.

The President and the Parsons.

The *News* and the *American* opened fire simultaneously, yesterday, upon the forty Connecticut clergymen, who addressed a respectful memorial to President Buchanan in reference to Kansas matters. The *American*, though just now a patent "democratic" organ, takes anything but a democratic view of the proceeding. Hear it:

We will first refer to the memorial and advert to the circumstances under which Mr. Buchanan *was* forced to *descend from his Presidential dignity* to reply. The gentlemen who had the *temerity to approach him*, might be robed as Clergymen, but greater hypocrites never existed.

This is strange talk for American ears. It will be something new for the people of this country to learn that they are guilty of "temerity," in "approaching" their Chief Magistrate, or that he "descends from his Presidential dignity" in replying to a respectful memorial. That he was "forced" to do so, is untrue. His "reply" was a voluntary matter on his part, and the only loss of "dignity" which he sustained must be attributed, not to the act itself, but to the manner of its performance.

But horrified as the *American* is with the "temerity" of these Connecticut clergymen in "approaching" the august Presidential presence, it "well remembers," a much more flagrant instance of clerical impropriety. We quote again:

We well remember that when Kossuth was in this country Henry Ward Beecher, one of the master spirits of the movement, threw open Plymouth Church in Brooklyn, and made the holy Sanctuary a desecrated temple by permitting a political body of his congregation to assemble there for the purpose of allowing fanatics to address the Hungarian, and present him with a "Bunker Hill" bullet that had sped through the brain of a Britisher.

Mr. B. Silliman, Sen., one of the signers of this memorial, in that same Plymouth Church, offered as his gift "rifles" not "Bibles,"—this creature, with one foot in the grave, advanced in years, and awaiting his summons.

The "temerity" of offering Kossuth "rifles" instead of "bibles," for the political redemption of Hungary, and the atrocity of presenting him with "a Bunker Hill bullet that had sped through the brain of a Britisher," are almost too much for the *American's* nerves, and it scolds the offending Mr. SILLIMAN like a drab. As for the "fanatics", who gathered together at Plymouth Church to see and hear the hero of Hungary, they are, in the *American's* judgment, even worse than the forty persons who have dared to raise their voices in behalf of Freedom in Kansas. Indeed the *American* sees nothing and nobody to admire in all this business but President BUCHANAN and his letter, the sentiments of which it cordially endorses, including the novel and remarkable one *that the Constitution of the United State carries with it and protects Slavery wherever it goes*—or, in other words, that *every acre of Territory, now belonging, or hereafter added to the Republic*, is, under the Constitution, SLAVE TERRITORY; and that SLAVERY exists and has rights there until extirpated by positive enactments!

The *News* argues the question from different premises, but arrives at the same conclusions as the *American*. It affects to think that the *Sentinel*, in its comments upon Mr. BUCHANAN's extraordinary letter, "speaks only for itself and a party of crazy visionaries in this State," and claims that "the press, with really a surprising unanimity, approve of the letter." We have failed to discover any such "unanimity." So far from it, we have yet to see the first Republican paper that does not denounce and repudiate the extraordinary doctrine, now for the first time formally announced by our Democratic President, that SLAVERY is *National*. The *News* cites the Buffalo *Commercial Advertiser* as one of the "opposition" papers, which sustains the President and rebukes the Parsons. But "aid and comfort" to the Sham Democracy from that quarter, is nothing new. The *Commercial* is the leading K. N. organ in Western New York, and the sympathies of the Dark Lantern gentry, in this Kansas matter, are all with the Pro Slavery Democracy and President BUCHANAN.

But the *News* insists that President BUCHANAN is right in his avowed determination to sustain the *bogus* Legislature and enforce the "Border Ruffian" enactments in Kansas, and it "chalenges the *Sentinel* to point to a single law among the Statutes of Kansas that a well-disposed citizen would feel justified in forcibly resisting." We point to them *all*. There is not one among the number that every well disposed citizen of Kansas is not perfectly justified in resisting by all the means at his command. Those laws were imposed upon the people of Kansas by a Legislature of Missourians, and are entitled to no more respect, or obedience than so much blank paper. If our forefathers were justified in "forcibly resisting" the iniquitous acts of the British Parliament, then there is ten times more justification for the people of Kansas to resist to the uttermost the atrocious code of the Border Ruffia Legislature. The same great grievance of which our forefathers justly complained, "Taxation without Representation," now oppresses the people of Kansas. And yet the President of the United States justifies the wrong and sends a large part of the standing army of the Republic into Kansas, to enforce the collection of these illegal taxes, and the execution of these *bogus* laws, and to overawe the *bona fide* inhabitants of the Territory, in the exercise of their inherent rights. Nor yet weary of ill-doing, the President publishes an elaborate justification of his official conduct, and improves the opportunity to lay down the startling doctrine that SLAVERY *exists of right in Kansas*, as on every other foot of soil, that may be acquired by the Republic, while the universal party press cries "amen" to this latest exposition of Sham Democracy!

ANYTHING BUT A "JOKE."—The *News* affects to be "facetious" over the growing dissatisfaction among the German Democracy of our city, and treats it as a "pretty good joke" of the *Sentinel's*. We rather think, before election is over, that the *News* will find this "joke" a pretty serious one.

ENLARGED.—Our friends of the Janesville *Gazette* send us a sample copy of their weekly, which has recently been enlarged, and is now one of the handsomest and best filled papers, west or east, and enjoys a wide circulation in old Rock and adjoining counties. Long may it wave!

EARLY TIMES IN DETROIT.—In a Detroit paper dated Oct. 24th, 1817, appears a communication from a citizen requesting the Postmaster to furnish the post-boy with a horn, so that the citizens may be apprised of his coming.

Kansas Affairs.

The papers are busy in discussing the propriety and policy of the movement, which seems to be determined upon by the Free State men in Kansas, to make one more attempt to obtain their rights at the polls. The presses in the interest of the Border Ruffian party, having exhausted the language of abuse in denouncing the people, because they hesitated at taking the step, with everything packed against them; now take a fresh start, and abuse them for agreeing to make the trial; while many of the staunch Republican papers which have taken pains to explain to their readers why the Free State men could not consistently and safely try the ballot box under the bogus laws and regulations, are now obliged to re-examine the case, and find, if possible, some chance of good in the experiment. Of course we are among the latter class.

The objections to taking part in the elections, are clear enough. The apportionment for delegates to the Legislature, made by the bogus authorities with Walker's connivance, is a monstrous gerrymandering affair, effectually wasting a very large portion of the Free State vote. The officers of the polls are the most unscrupulous tools of slavery. Frauds of all sorts are certain to be practised, and the U. S. troops are on hand to support the "legal authorities." Invasions from the Missouri border counties are more than probable. In spite of Walker's original promise that every *bona-fide* resident should have a vote, he has receded from his position, and now holds that "three or six" months residence is necessary; and of course the officials will determine on *six* months. And the Judges—pro-slavery tools—have decided that the payment of a territorial tax under the bogus laws is necessary to entitle men to vote.

These are some of the objections to entering upon the canvass; and going to the polls; and we confess that, at this distance from the scene, they seem to us insuperable. But a large number of the Free State men, weary of the unsettled condition of things, and confident in their numerical superiority, are willing, under the circumstances, and despite the manifold objections, and obstacles to a fair test, to go to the polls.—Having resolved upon the movement, they mean to resist by force if violence shall be offered, and to take measures to expose fraud. The Free State men differ, and may well differ, as to the policy of the movement; but they are better judges of the matter than we; and all we can do is to look on, and wish them success—though it is hoping against great fears. On this subject, the N. Y. *Tribune* says:

With the scandalous and outrageous apportionment made for the express convenience of intrusive voters from Missouri; with bogus officials to preside at the polls; with the false voting lists already made up with the probability of a fresh inroad from Missouri; with the frauds of all sorts that will certainly be practiced, and the probable violence, with the United States troops to back it; we judge that, although the Free State men may out-number their opponents ten to one, yet the official returns will elect a Border-Ruffian Legislature.

But even if that should happen, we can still see great advantages from going into the election. With two thousand U. S. troops in Kansas, and General Lane's volunteers at his disposal, if Walker does not defend the polls from violence on the part of Missouri invaders, it will be plain enough that it is only because he is resolved and instructed not to do so. As to fraud and false voting, that may be expected in any quantity; but if the recommendations of the Grasshopper Falls Convention are carried out, that fraud and its precise extent will be made patent to the world. It is time to stop Mr. Buchanan from gabbling any longer about the "unwillingness of a portion of the people of Kansas to trust to the ballot box, that certain American remedy for redress of grievances;" and since he steadfastly shuts his eyes to all the Border Ruffian violences and usurpations perpetrated under Pierce's Administration, it is time to give him and his officials in Kansas an opportunity to exhibit themselves in this matter, as they have done in so many others, not only no better than Pierce's, but a good deal worse.

One of two things is sure to happen: either the free State men will possess themselves of the Territorial Government, or Walker and Buchanan will stand before the world stripped of their sheep's clothing and stolen feathers—the one as a chattering magpie, the other as a treacherous and bloodthirsty wolf, who, in the character of a sheep, has sneaked into the fold for the very purpose of killing the lambs.

Are there Two McGarrys?

The *News* of yesterday is severely exercised in mind, because, in some of the Republican papers, Judge RANDALL, our next Governor, is spoken of as a resident of Waukesha County, while in others he is credited to Milwaukee. Hence the *News* infers that there must be *two* RANDALL'S. We hope not, for the "Forty's" sake, since they will find *one* RANDALL quite enough for them.—Judge RANDALL has, for many years, resided in Waukesha, and enjoys, to a remarkable extent, the good opinions and entire confidence of the people of that county. But after leaving the Bench last spring he decided to resume the practice of the law and to open an office in Milwaukee. Hence the "duality" which troubles the *News*.

But, since the topic is broached, let us politely inquire of the *News* if there are *two* McGARRY'S? We notice, on the Barstow ticket, the name of EDWARD MCGARRY, of *Dodge* County, for State Prison Commissioner. Is this the same McGARRY, we beg to ask, who, a few days since, was so active at the Third Ward poll, and there proclaimed his determination, cost what it would, to *carry his own Ward* for delegates to the Democratic State Convention? If he resides in the Third Ward of this city, how comes it that he is saddled upon Dodge County? If, on the contrary, he is a resident of Dodge, what business had he to interfere with the Third Ward Caucus in Milwaukee? Will the *News* tell us?

We have another instance of the same sort to which we beg respectfully to invite to the attention of the one-eyed *News*. Have we two "WEILS" among us? Is ex-Senator WEIL, who in part misrepresented Washington County in the late BARSTOW State Convention, the gentleman who lives in the Fourth Ward of this city, or the gentleman who resides at West Bend? Or are there two of the name; and, if so, was it the Milwaukee WEIL, or the West Bend WEIL, who gave his vote and influence to Mayor CROSS, as the lineal successor of ex-Governor BARSTOW?

THE LATE ELECTION IN MISSOURI.—The St. Louis *Intelligencer* has a letter from Memphis, Scotland County, giving the return of the vote for Governor, of that county, as certified by the County Clerk, giving Stewart 427, Rollins 408. In the official returns at Jefferson City, Scotland is set down as giving Stewart 408, Rollins 803—a difference against Rollins of nearly 100 votes.

This is but one of a number of instances cited by the St. Louis *Intelligencer*, and St. Louis *Democrat*, in which "supplemental returns" have been used to swell the vote for STEWART to such an extent as to give him a seeming majority over ROLLINS. The Missouri democracy learned this trick from the "Forty" in this State, who forged supplements, falsified the canvass, and stuffed the ballot boxes, in their desperate effort to re-elect their chief, Ex-Governor BARSTOW.—We hope the same fate will overtake these miscreants in Missouri, that crushed their prototypes in this State.

IMPORTS AT NEW YORK.—The following is the aggregate of imports, at the port of New York, from Jan. 1st to Sept. 5th, in each of the last three years:

1855	$103,815,812
1856	160,998,588
1857	174,164,522

The export of specie for the year, up to the 5th instant, was $32,584,685, which is largely in excess of last year.

With such a drain of specie to the continent, a decrease in our exports and a large and steady increase in our imports, it is no wonder that money grows scarce, stocks fall, banks break, business languishes, and failures and suspensions abound.

For the Sentinel.

The News on Judge Randall.

SUMMIT, Sept. 8th, 1857.

MESSRS EDITORS:—One of my fellow democrats had the kindness to hand me the *News*, controlled by the "Forty," of Sept. 5th, in which *they* try to impair Judge Randall's prospects for Governor. A few more such editorial articles *will* make every *honest democrat* vote the Republican ticket. I have always voted the democratic ticket; voted for James Buchanan; stood by them through all their troubles, &c., &c.

But when the *News* undertakes to elect J. B. Cross over such a man as Judge RANDALL, with bar room slang, I ask to leave the party. It is not right; it is not democratic. I am not alone with such feelings, in the honest portion of the Democratic party, and as I said before, I voted for Buchanan, and I pledge you my word, I will vote, with others of the Democratic party, for the Hon. A. W. RANDALL for Governor.

Yours, A DEMOCRATIC FARMER.

CENSUS OF IOWA.—The census returns of Iowa for 1856 have just been published. From them we learn that the total population of the State is 509,114. The most populous county is Lee, which has 27,278 inhabitants, and Dubuque is next, with 25,871. Number of dwelling houses in the State, 88,906. Number of native voters, 86,815; of naturalized voters, 14,492; total, 101,307. Colored population, 271; deaf and dumb, 371; blind, 103; insane, 120; idiotic, 281; paupers, 132. The number of acres of improved land is reported to be 2,048,958; unimproved 6,515,479. The total number of bushels of wheat harvested is 5,489,616; oats 6,127,329; corn 82,163,862. Number of cattle sold, 125,776, valued at $2,923,244. Number of pounds of butter made, 6,099,263; cheese, 732,825.—Number of pounds of wool, 617,441. Value of domestic manufactures, $428,900; general manufactures; $4,096,961.

SERIOUS RAILROAD COLLISION—THREE PERSONS KILLED AND THIRTEEN WOUNDED.—A terrible collision between a freight train and an express train occurred some eleven miles below Philadelphia, on Saturday last, on the Camden & Atlantic Railroad. Wm. Siner, a merchant of Philadelphia, and the engineer and a fireman of the express train were killed, and thirteen wounded, some of them seriously. The cause of the accident is said to be the anxiety of the employees on the freight train to reach the city in time to participate in an excursion, and to do this they violated the time tables. One of the employees has fled to the woods.

THE BOSTON MAGAZINE.—JOHN G. SAXE, in a recent letter to the Boston *Post*, regrets the failure of *Putnam's Monthly*, and says: Perhaps the "Athenians" will give us a better magazine in its place, but I doubt it. I fear the new monthly will share the fate of its Boston predecessors, and die of apoplexy—induced by a powerful "determination to the head" for several months.—Learning without freshness and wit, talent without tact—will never do."

SHEBOYGAN & MISSISSIPPI R. R.—The Sheboygan *Times* says that the grading on this road is all completed to Glen Beulah, except about two weeks work, and that the bridges—handsome and substantial structures—are all up, except the one at Plymouth, which is just commenced.

A Just Criticism

The *Wisconsin*, while applauding the general tone and sentiment of Judge RANDALL'S brief address to the Republican Convention, thus criticises the letter of Mayor CROSS in reply to one from the committee notifying him of his nomination:

In Mr. Cross's letter, we observe altogether too partizan a tone. At the last two elections, a very large majority of the people of this State have decided against the democratic organization. Mr. Cross hopes, if he is elected, to administer the State Government for the peace and harmony of the Democratic party—as if that organization were the only constituents of a Governor of Wisconsin. Why will politicians forget that the welfare of *the People*, in an executive officer, is the true test of good government.—But the letter was probably written for influence at Washington, and therefore the partizan of the Buchanan Administration desire to show their Chief that they feel the same lofty independence of the people, as the minority in Kansas have evinced towards a majority of its people. Of course, that is not the democratic government of Jefferson, but the new-fashioned democracy instituted by Mr. Pierce, and now carried out by the obsequious followers of the Buchanan administration.

Bad Arrangement.

It seems to us that the Committee who brought in the resolutions at the late Democratic Convention arranged them very badly. The third resolution rebukes the intolerant spirit which seeks to curtail the privileges of foreigners, and render the right of suffrage difficult for them to obtain. The very next resolution says: "We are unalterably opposed to the extension of the right of suffrage to the negro race." Would it not have been well to have separated those resolutions? Standing so close together, is not their inconsistency too glaring? If the negro is a native, surely he ought to be allowed the privileges of citizenship, and if a foreigner, he should be treated as other foreigners. The census returns shows that the negroes are more intelligent according to their number, than the foreign population. But if his hair is crisp and his skin dark, no matter though he possess the intellectuality of Euclid, the genius and boldness of a Hannibal, the tenderness and courage of Othello, he must be denied political rights, and this denial is called *Democracy.—River Falls Journal.*

Special Dispatch to the N. Y. Tribune.

From Washington.

WASHINGTON, Sept. 5.

The Boards of Naval Inquiry have reported upon from fifty to sixty cases. The President intimates that the Secretary of the Navy will render a final decision upon the cases during the coming week.

There is a general desire to transfer Secretary Toucey to the Supreme Court, because he is so utterly inefficient in the Navy. His slowness is intolerable. He is therefore considered a fit successor to Judge Curtis, who had altogether too much ability and learning for his position.—Nathan Clifford, of Maine, is a personal favorite with the President, but the Republican majority in Maine stands in his way to the succession.

J. Glancey Jones, of Pennsylvania, is here, waiting upon Providence. Should Toucey get the place on the Bench, he may come into the Cabinet.

The Great Horse Exhibition at Elmira.

ELMIRA, N. Y., Sept. 5, 1857.

About 20,000 people assembled upon the fair grounds to-day, to witness the great contest between Flora Temple, Lancet, Miller's Damsel and Red Bird. The race was subject to these conditions. Mile heats, best three in five; Lancet to go under the saddle, and the others to harness. Three prizes were awarded, viz: two thousand, one thousand, and five hundred dollars. The following was the result: Flora Temple, first; Lancet, second, and Red Bird, third.—Three straight heats were trotted. Miller's Damsel was withdrawn after second heat. The time made was 2:26½, 2:27, and 2:25. This is the fastest time ever made in the United States, with the exception of that made by Flora Temple in her great trot over the Union Course, some time ago, in 2:24. To-day closes the exhibition for this year, which it is conceded by all, has in every respect been successful.

FAST FREIGHT LINE TO AND FROM THE UPPER MISSISSIPPI.—In our paper of to-day will be found the advertisement of the MILWAUKEE AND MISSISSIPPI FAST FREIGHT LINE. We are pleased to be able to inform the business public, that a route has been opened to them, by which they can ship their goods without that everlasting *detention* which almost universally happens by way of Dunleith. We had occasion lately, to ship some goods from the East, by way of this NEW SOUTH, and which came to hand at least *ten days sooner than they could possibly have done* via. *Dunleith*. The Freight agents are more attentive to their duties on the former route, than on the latter. We say, therefore, that we are rejoiced to know, that a route is now in successful operation, that can deliver freight along the River with such unprecedented *quick dispatch*. Success to the Road.—*Fountain City Adv.*

FREAK OF THE TYPES.—The types will sometimes tell the truth in a different way from what was intended. A cotemporary, speaking of E. O. Perrin and Gov. Walker, wrote that Mr. P. "left the latter's camp at Lawrence," &c. The types got it—"He left the latter scamp at Lawrence."—*Buffalo Ex.*

A PILE.—Yesterday and Sunday there arrived at this port over 120 vessels having on board, among other things, 9,699,388 feet of lumber.—Any place that can beat that is at liberty to take our hat.—*Chicago Journal Sept. 8th.*

What Becomes of the Bones.

It is patent to every one from the number of beeves, hogs, calves, sheep and lambs annually slaughtered in this city, and the immense amount of bone attached to every sirloin, roasting piece and chop that comes into one's house, that unless some disposition was made of them immediately New York would in a brief period become a perfect Golgotha. We see bones on our tables, and the servant sees them placed in the beggars baskets or in the garbage box, according to their value or her temper at the time. It has often puzzled us to know what earthly use that industrious class of our population known as Chiffoniers or rag-pickers make of those small bits of bone they so eagerly snatch from the street gutter and garbage box, and forage the Battery and other "city dumping grounds," and dig and quarrel with each other over the ashes and garbage.—We were so fortunate as to ascertain yesterday what became of the bones. While visiting the slaughter houses on the west side of the city in company with the inspector of slaughter houses for that district, Mr. Greene, one of many engaged in the business of collecting, boiling and calcining bones in this city, gave us the following information. His boiling and calcining establishment is situated on the Jersey side of the Hudson, sixteen miles up, nearly opposite Yonkers. To collect the bones from the *eighty-nine*, he employs in this city eight men, eight horses, and four carts. A laborer invariably goes with each driver. The largest collections are made in the Eleventh, Seventeenth, Eighteenth, Twenty-first, Nineteenth and Twentieth Wards.

They commence their rounds as early as 7 A. M., and by 1 P. M. the collections are deposited in the vessel that is to convey them from the city. The law requires all the carts engaged in this business to be boxed or covered with canvas. The price paid for bones varies according to quality. Thigh bones of bullocks rank first, as they are the only bones in an ox that are fit for turner's use; they are mostly manufactured into handles for tooth brushes, the natural curve of the bone giving the desired shape to that indispensible article for the toilet. They are worth from ten to twelve cents each. The jaw bones rank next, and are worth $18 a thousand. The "short" bones, as they are termed, such as leave the family table, are worth from 40 to 50 cents a basket. To give some idea of the amount of money paid for bones, when we consider the number engaged in the business of bone boiling, exclusive of the Barren Island business, we will state that Mr. G. pays for bones in this city alone an average of $100 a day. The fore leg and hoof are usually bought by manufacturers of glue, Peter Cooper being the heaviest purchaser of this description of offal; and when they are done with, they are sold to the bone dealers at two cents a pound. The hoofs are disposed of at the rate of $40 a ton, and are afterward made into *horn* buttons and Prussian blue. Horse hoofs and sheep hoofs and horns are sold at $15 a ton.

On the arrival of the bones at the factory, the thigh and jaw bones are sawed so as to admit the removal of the marrow. They are then thrown into a vast cauldron and boiled until all the marrow and fatty substances attached to them are thoroughly extracted. The fat is then skimmed off and placed in coolers, and the bones are deposited in heaps for assortment. The thigh bones are placed in one heap for the turners: the jaws and other bones suitable for buttons are placed in a second pile; the bones suitable for "bone black" come No. 3, and the remainder are ground up for phosphates and manures.

"Bone Black" is used by sugar refiners, and is worth from 2½ to 3½ cents a pound. To judge of the amount used in this city alone of this article, in the eleven immense sugar refineries in operation here, it is only necessary to state that "Stuart's" and the "Grocers'" refineries pay annually in the neighborhood of $40,000 a year each for "bone black."

Of classes Nos. 2 and 3 we were furnished with no reliable data. No. 2 is used in the manufacture of phosphates. No. 3 is made into soap-fat, and is sold at prices ranging from 38 to 55 cents a bushel, according to quality, but generally averaging about 50 cents, delivered at the factory.

Of the amount of soap fat produced from bone-boiling, we can only say that our informant showed by his books that the sales of soap-fat from his factory from June, 1856, to June, 1857, amounted to $14,000. Of this amount $14,000 was paid by one house, and we were assured that this was but a moiety of the amount the house annually purchased.—*Tribune.*

WONDERFUL CALIGRAPHY.—We have been shown a new work of art, just completed by David Davidson, the remarkable penman. It consists of a portrait of ex-Gov. Seymour, composed wholly of lettering in characters so minute as to be scarcely visible to the unaided sight, and yet so naturally blended and arranged as to present a good likeness of the original, in all its proper shades and distinctive features. The figure is a bust about three and a half inches in height, formed wholly of letters, and comprises the last chapter of Spark's Life of Washington. The peculiar endowments requisite for the execution of this difficult task may be known from the fact, that without first using the skeleton drawing, the artist is aware of the exact quantity of words necessary to form the picture, possesses the power of arranging them, and controlling the lights and shades. This work above noticed is only one of the least already completed. The most attractive, probably, is the "Reception of Gen. Washington by the ladies of Trenton." Another, "Solomon's Temple," containing the whole thirty-six books of the Old Testament; not less than 1500 letters being placed within the square inch. The performances seems the more extraordinary when it is known that the artist has the use of but a single eye. His rooms for exhibition are at 538 Broadway, New York.

MARRIAGE AT MINNEHAHA FALLS.—A gentleman and lady, of New York, of a romantic disposition, Mr. Alexander Addington Cabury and Miss Gertrude Rose Legget by name, were married at the Falls of Minnehaha last Wednesday. Several officers and ladies from Fort Snelling were present and every one seemed delighted with the charming incident to the romance of "Hiawatha." Major Patten, the officer and poet, who was present, wrote a pretty little poem upon the event. We think the "Laughing Waters" must have given an extra giggle on his joyful occasion.—*St. Paul Advertiser, Aug. 29th.*
